

If you think gun violence should no longer be tolerated in Peoria, take the pledge. It's a promise that you will try to help make a difference that could save lives and make our community better. You have the power to make this message loud and clear—Don't Shoot.

PLEDGE AGAINST GUN VIOLENCE

I pledge:

If I see a gun, I won't touch it and will report it;

If I see someone or hear of someone carrying a gun illegally, I will report it;

I will remember to treat every gun as if it were loaded;

I will never carry a gun illegally;

I will never use a gun to settle a personal problem;

I understand that violence is real and has permanent consequences.

My individual choices and actions, when multiplied by those making this pledge throughout my community, will make a difference.

Together, by honoring this pledge we can stop the violence and live safely.
